They were amazing. So helpful especially in the situation we are in and with us just relocating to WA. We had no mattress and sheets etc. It was definitely an essential service today as we hadn't slept properly for a few days. Thank you very much.

We just purchased a new bed from Martin Burns. The in store service was very helpful, professional and friendly. Their price was right and the free home delivery was excellent. The delivery team were thoughtful, efficient and engaging. A professional company, a pleasure to do business with.

If you want good quality made in WA mattresses for a reasonable price then Martin Burns Bedroom is the place for you. Friendly and helpful staff, an excellent range of mattresses and bedroom furniture. I was extremely happy with my purchase.

Sarah – September 2019

Purchased a bed from here two days ago, we went to a few shops before Martin burns and just didn't have the experience like we did at Martin burns the staff was super friendly and the owner was so helpful! Most comfiest bed ever we are no longer waking up sore and fatigued. The only problem I have is I no longer want to get out of bed in the mornings 😊.

Shae – August 2019

Top of the line service, everyone from start to finish was really friendly, the delivery people were fantastic even gave me a call before hand to let me know when they will be there and helped me get my mattress on my bed frame! Can't recommend them enough and their fantastic quality stuff/service!

Theresa – June 2019

Hi I am so very happy I purchased here not only did I save almost 50% I received great advice as my frame was off good quality I did not need to purchase a new base. Yes I got a high quality mattress which I saved heaps on but I didn't need a new base which saved me even more. The delivery was free but the guys were great. I also received great customer service. They are local and they deal direct with their suppliers. I did the leg work I checked around don't waste your free time like I did just go straight to Martin Burns. Forget about the big stores. They can't compete with price or quality compared to Martin Burns. This store supports local WA Company's so let's support them well done and thank you.
